Sean D. Haines
Superintendent of Schools

September 29, 2022

Dear Morrisville School Community,

As you know, we take the safety of our students and staff very seriously. In an effort to support our school and community safety network, I wanted to make you aware of a situation that occurred on our Middle/Senior High School and Intermediate School campus earlier this afternoon. Our district received a report of a potential threat of a weapon on campus, and our staff and local law enforcement partners moved swiftly to investigate this report. As a result, the Morrisville Borough Police Department deemed there to be no credible threat and that our students and staff were not in danger.

Our staff will always take a report of this nature seriously, and we will continue to work with our Morrisville Borough Police Department community partners to keep our school community safe. I understand that situations like this can be unnerving, and I want to reiterate that we have safety measures across our district and that all of us play an important role in reporting information that is of concern.

Thank you to those who reported information about this situation, as it allowed us to act quickly and efficiently. We will continue to make every effort to create a safe and caring learning environment for your children.

Sincerely,

Sean D. Haines
