**Routine Action Items**

*At the meeting of the Board of School Directors on September 22, 2010, the Board of School Directors approved a motion that Agenda meeting action items considered routine will be enacted under one motion unless removed for separate action upon Board request. The purpose of the consolidated motion is to expedite Governing Board action on all consent items, which are not held for discussion. Items that have been held for discussion by the Governing Board will be enacted upon at the time the item is discussed.*

**2. INFRASTRUCTURE**  
**INFORMATIONAL/DISCUSSION ITEMS:**  
**ACTION ITEMS:**

**2.1 Approval, Trash and Recycling Services**

*The Board a motion to approve the contract with Waste Management for trash and recycling services at the annual rate of \$15,960 for the 2015-16 school year.*

Moved by Mr. Miller, seconded by Mr. Colon, and passed by a unanimous voice vote of 9 ayes.

**2.2 Approval, Gas Supply Agreement**

*The Board approved a motion to approve the Gas Supply Agreement with Constellation New Energy – Gas Division, LLC, effective July 1, 2015 through June 30, 2017, at the cost of \$0.6613/DTH (a reduction of over \$0.24 from the current contract).*

Moved by Mr. Miller, seconded by Ms. Reithmeyer, and passed by a unanimous voice vote of 9 ayes.

**2.3 Approval, Appraisal Services**

*The Board TABLED a motion to approve appraisal services for Manor Park to be performed by Indian Valley Appraisal Company at the cost of \$2900.*

Motion to table was moved by Mr. Miller, seconded by Mr. Dingle, and passed by a roll call vote of 5 ayes and 4 nays. Members voting aye were Messrs. Colon, Dingle, Worob and Miller, and Ms. Kartal. Members voting nay were Messrs. Gilleo, Perry, Stoneburner, and Ms. Reithmeyer.

Mr. Miller stated that he is concerned with our student population and being able to provide enough classrooms for the instruction in the direction of wherever we may be going which is up in the air at this time. Mr. Miller stated that at this time he would like to see this motion tabled until August, and that way we could have a clearer picture in regards to some questions that the Education Committee needs to review.

Mr. Truelove stated that the District has to have an appraisal done at some time if they are considering selling the property at Manor Park. Mr. Braun stated that an appraisal is not a commitment to sell, it is just a value put on whatever the building is worth.

Mr. Stoneburner asked if this appraisal would give a fairly in-depth view of the condition of the building. Mr. Braun stated that there are several different kinds of appraisals. He stated that you can get into a heavy piece, or an appraisal of the grounds and building as they exist. Mr. Braun stated that if you want to go beyond that it would cost you more for that appraisal. Mr. Stoneburner stated that he is looking for possibly an engineering report showing the condition of the building. Mr. Braun stated that an engineering report is totally different than an appraisal. Mr. Stoneburner stated that he is an advocate of this building being our safety valve, and he feels it is not a viable option for us as it exists because of the amount of money that we don't have and he believes it would take to bring that property up to par. Mr. Stoneburner stated that if our interest is in using the building, we would need to do a feasibility study.

Mr. Perry stated that if we have the appraisal done now, we would be able to have a clearer picture of the value of the property by August and would be able to make a decision sooner rather than later since we don't meet in July. Ms. Reithmeyer and Mr. Stoneburner agreed that an appraisal should be done as soon as possible.
